DE VERMALLE

ARDÈCHE • FRANCE

## 100% natural cosmetics • water free • cold processed

Vermalle is a small, peaceful, French hamlet located in the Monts d'Ardèche Regional Park. This is where De Vermalle skincare range was developed, as close to nature as possible.

This face and body skincare range, offers only intelligent formulas, 100% natural and respectful of life :

- short, logical and qualitative formulation !
- healthy, pleasant and effective composition
- without any ingredient of animal origin (Cruelty Free and Vegans), palm oil or any other unwanted ingredients !
- universal skincare adapted to the needs of all types of skin.

For all these reasons, De Vermalle has received the Slow Cosmetique mention, a real quality guarantee, and the PETA Cruelty Free and Vegan label, an active association for the welfare of animals.

Mélanie

## The Creator's word, Mélanie Philibert

De Vermalle is the culmination of a project in which I have put all my energy since 2008.

To give the opportunity to everyone to enjoy a truly healthy, qualitative, pleasant and effective skincare range.

We accompany beauticians and enable them to practise their trade with natural cosmetics without danger for their customers but also for themselves!

De Vermalle also accompanies you at home with its 100% natural ultra gourmet and sensory treatments that brings together the best of nature.

Enjoy the discovery !

# The quality of a cosmetic is measured by :

## 1/ The quality of its ingredients

De Vermalle skincare only contains the best vegetable oils for the skin's beauty and health: Avocado\*, Borage\*, Coconut\*, Jojoba\*, Apricot kernel oil, Olive\*, Sesame and Rice bran.

They do not contain esterified oils : these oils are safe but are not really interesting for the skin, they are often used by the cosmetic industry as they are less expensive than pure unprocessed vegetable oils.

They do not contain perfume\*\* as they are naturally scented by the blend of essential oils contained in their formula (Atlas cedar, Lime, Tangerine, Peppermint, Spearmint, Neroli, Orange, Grapefruit, Patchouli, Ylang-Ylang).

## 2/ The length of the list of ingredients

A short and well balanced list means that the formula is rich in active ingredients !

All De Vermalle skincare combined : 25 ingredients, all natural !

--> Each formula only contains 1 to 11 ingredients, no frills, no smoke and mirrors or greenwashing.

## 3/ The quality of the formulation

Cold formulated (raw-cosmetics), to preserve the quality of the oils used.

Water-free formulations, only composed with active ingredients, not requiring the use of preservatives : 100% of actives and nothing else !

**Read carefully the labels !**

### Naturally, all of De Vermalle cosmetics are :

hypoallergenic • dermatologically tested • no ingredients of animal origin or from the work of animals • no sulphates  
• no phenoxyethanol • no paraben • no MIT • no phthalates • no PEG • no BHT • no EDTA • no dyes • no synthetic  
fragrance

*\* certified organic, \*\* except the Karité Doré which contains a natural fragrance of Monoi*

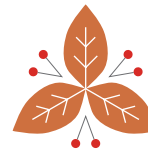

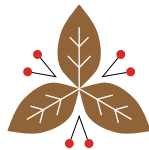

# SUGAR BODY SCRUBS

3 aromatic sugar scrubs, cold hand-crafted, for all types of skin : complete softening care, nourishing and perfumed, a texture so creamy and so natural that we would like to eat it !

- Sugar, a naturally exfoliating ingredient, erases the corneous layer without causing aggression (glycolic acid) and destroys the dead cells by the mechanical effect of friction (grains of sugar).
- Organic vegetable oils (Olive, Coconut, Avocado) and Shea Butter generously enrich the formulas for silky and well hydrated skin.
- Essential oils naturally perfume the Orange and Mint version. The Vanilla scrub may be used during pregnancy and breastfeeding.

To joyfully use under the shower or, before a bath to fully enjoy their scented fragrance !

Available in 250ml and 1L (for beauticians).

Ranked #1 body scrub  
in France

## VANILLE TRANQUILLE

coconut & shea butter

A sweet chestnut-colored foam to warm up a difficult winter morning or, to prepare a sensual summer night!

*\*\*naturally present in essential oils*

# SHEA BUTTER

Our shea butter comes from the Guinea Highlands. The type of soil and the geographical location allows the Shea trees of this region to produce a fruit with a remarkable content of 75% of oil.

The producers traditional production method, with whom we work with, allows us to offer you an unrefined, non-deodorized or whitened organic Shea Butter of exceptional quality !

The Shea Butters main property is a deep hydration of the epidermis which softens and maintains the skin.

It can effectively reduce skin dehydration, stretch marks but also works against muscle and joint pains.

Shea Butter can also be used in hair care. A Shea Butter hair mask is a great way to nourish and moisturize the hair. Gives strength and shine to the hair.

## KARITÉ PARFAIT

### Pure unrefined Shea Butter

True unrefined Shea Butter (not deodorized or whitened) can be recognized by its natural color and fragrance.

It is the family's best ally for dry and sensitive skin. It moisturizes, repairs, softens and protects the skin and hair.

We have chosen this certified organic Shea Butter from Guinea Highlands for its exceptional quality, rich in fatty acids, vitamins A, E and F and for its incomparable tenderness !

Exists in 100ml and 500ml

## Ingredients

BUTYROSPERMUM PARKII BUTTER\*.

*\* from organic farming and fair trade,  
100% of the total Ingredients are of  
natural origin*

## KARITÉ DORÉ

### Face and body balm with Monoi

100% natural face and body skin beautifier balm. A bewitching balm combining Shea Butter, organic Sesame Oil and Monoi for an ideal care !

Sesame oil and Shea Butter moisturize, nourish and soften dry and damaged skin. Combined, they make an excellent repairing treatment, useful for all dry skin. Monoi (macerate of Tiaré in Coconut oil) prolongs sun tan and protects the skin from external aggressions while delicately perfuming it.

Exists in 100ml and 500ml

## Ingredients
